ONE LINDEN COMMUNITY RESOURCE GUIDE

Our Community. Our Future.

A CONNECTED COMMUNITY

Welcome to the One Linden Community Resource Guide!

We hope to support a more connected community and increase awareness of the many organizations, resources, and programs serving our community through this monthly guide.

This guide is created by the One Linden Community
Table, a network of community partners working
together to support Linden students, families, and
residents. This work is a continuation of One the Linden
Community Plan, funded and supported by United Way
of Central Ohio, the City of Columbus, The Ohio State
University, and Columbus City Schools.

Please contact Javier Negrete at negrete.13@osu.edu if you have any questions. Visit www.onelinden.org for additional resources and events!

The Parable Project's After-School Ministry program is based in Linden. Our weekly outings with students are designed to refresh and grant access to spaces of learning and reflection. We do this by being outdoors, being active, and practicing stillness.

Jason and Marty Seiple are the founding board members of the Parable Project. They are missionaries in the city whose purpose is to activate and motivate the church, make disciples of Jesus, shape community into a Gospelcentered family, and dignify their neighbors through service and friendship.

New Narratives

There is a certain way people talk about the city environment in Columbus. There is a certain way Columbus views Linden. We are driven to display the stories in the city, particularly through the life of teens, that most people miss. It's true that there are tough things happening in the city. There are also exciting stories full of goodness and grace. We highlight these fresh narratives in everything we do. We believe the future of communities like Linden will be determined by the young people who are understood, listened to, invested in, given a chance, equipped, and shaped by caring adults. We know that the work we do today encourages the adults in our community as well. We believe in hope. God's hope through Jesus motivates and informs our commitment to our community.

Benefits of Parable Project

- Increases Biblical literacy
- · Teaches holiness and living in grace
- Provides safe spaces and structured freedom for teens
- Develops new skills through experiential learning opportunities
- Promotes self-awareness, resilience, patience, and good health
- Sharpens communication skills
- · Grants peace of mind to working parents
- · Increases academic accountability
- Shapes future community leaders for sustainable change

You shall love the Lord your God with all your heart and with all your soul and with all your mind. This is the great and first commandment. And a second is like it: You shall love your neighbor as yourself.

Can I seal my criminal record?

A guide to adult conviction sealing in Ohio

STEP 1:

WHO CAN APPLY TO SEAL A CONVICTION?

To determine whether a person is eligible for record sealing, a court will look at all of the person's criminal convictions in any state or federal court, not just cases in Ohio.

There are **two pathways** to become eligible for sealing:

STEP 2:

WHAT CAN BE SEALED?

Any offense can be sealed except:

- · Convictions with a mandatory prison term
- 1st or 2nd degree felonies
- Traffic offenses
- Felonies or 1st degree misdemeanors where the victim was under 16 (except convictions under R.C. 2919.21)
- Offense of violence in Table 1 marked as (*) if the offense is a 1st degree misdemeanor or a felony
- Offense of violence in Table 1 marked as (+) if the offense is a felony
- Sex offense in Table 2 marked as (x)
- Sex offense in Table 2 marked as (#) if the victim of the offense was under 18 years of age
- Convictions of theft in office under R.C. 2921.41

PATHWAY NO. 1:

The applicant has <u>never</u> been convicted of:

The applicant can have any number of misdemeanors or felonies.

- 1st, 2nd, or 3rd degree felonies
- Any offense of violence (listed below in Table 1)
- Any felony sex offenses (listed below in Table 2)

PATHWAY NO. 2:

The applicant has <u>only</u> been convicted of:

- Zero or one felony and up to four misdemeanors
- Exactly two felonies and up to two misdemeanors

Minor misdemeanors and traffic offenses do not count towards the number of convictions, except for the offenses listed below in Table 3.

Two or more convictions arising from the same incident could be treated like one conviction, and two or three convictions that resulted from the same court proceeding, for related criminal acts committed within a threemonth span, could be treated like one conviction.

STEP 3: WHEN CAN A PERSON

Are there pending criminal charges? The court will not seal any record if the applicant is facing pending charges. Applicants should wait until any pending cases have resolved. Depending on where in Ohio their records are, that could include completing requirements like probation.

Is the applicant unlikely to re-offend? Applicants must be able to show that they have been "rehabilitated to the satisfaction of the court." Applicants must also show that their interest in sealing a record is greater than any legitimate government needs to maintain those records.

Has the waiting period ended? Every case has a "waiting period" before it can be sealed, based on when the case is discharged. A case is "discharged" when a person has fully completed any jail or prison sentence, any terms of probation or parole, and all payments of fines or fees that were a penalty for the conviction. Court costs are not part of a sentence, and unpaid court costs should not block a sealing application.

HOW LONG DO I WAIT AFTER MY CASE IS DISCHARGED?

If applying to seal a misdemeanor

Wait one year after the misdemeanor* is discharged.

If applying to seal a fourth or fifth degree felony

Wait one year after the fourth or fifth degree felony* is discharged.

If applying to seal a third degree felony

Wait three years after the third degree felony* is discharged.

"So long as none of the offenses is a violation of R.C. 2921. 43

STEP 4:

HOW DOES A PERSON APPLY?

For each offense, complete a record-sealing application in each court where there is a case to be sealed,

Every court has its own application forms and processes, so contact the Clerk of Courts to find out what documents to file and how to file them. The Clerk of Courts can usually disclose a person's case number, name and degree of the offense, date of conviction, and date of case discharge.

The filing fee will be \$50 or more. A person can ask the court to waive this fee by completing a poverty affidavit (sometimes called an "affidavit of indigence"). If a hearing is scheduled, the applicant should attend.

STEP 5: WHY SHOULD A PERSON APPLY?

Sealed records will not show up on most background checks. Landlords, schools, and the general public cannot see the sealed record. In limited cases, a few employers and professional licensing boards can see sealed conviction records (e.g. some healthcare, childcare, and security-related employment).

Document updated: April 2021

If you have more questions about record sealing, eligibility and other ways to overcome the barriers of a criminal conviction, contact the Ohio Justice & Policy Center.
